* This table shows all financial products and services where we received (and settled) at least 30 cases. This is consistent with the approach we take on publishing complaints data relating to named individual businesses. Where financial products are shown with a single asterisk, we received (and settled) fewer than 30 cases during the relevant period.

** Complaints involving home emergency cover and mobile phone insurance were previously categorised under 'specialist insurance' – and were not shown separately in previous years.
